VOTE ON FRANCHISE.

	For	Against
1st Precinct	68	54
2nd Precinct	49	50
3rd Precinct	32	42
4th Precinct	50	28
5th Precinct	102	5

Total 301 179
The new franchise granted the Dixon Water company by the city council recently was ratified by the voters of the city at the special election Tuesday, the majority in favor of the new grant being 122.

The election was a remarkably quiet one, less than one-eighth of the total vote of the city (including women) taking part in the election; the normal male vote of the city is about 1800, and it is estimated that there are fully that many, if not more, legal women voters in the city, which would bring the total voting strength of the city to 3600 at least. Yesterday's election polled but 480 votes.

Opposed Strongly.

In the first, second and third precincts there was marked opposition to the ordinance, as shown by the above table, and in the second and third wards the proposition was defeated. However, the north side rolled up a handsome majority for the franchise, the vote there being 122 to 5.

The franchise now becomes effective, or will as soon as the council canvasses the returns and approves the count, and as soon as possible the water company will commence the repairs and additions which are required by the new grant.

Women Vote.

One hundred and three Dixon women took advantage of the new franchise given them by the last general assembly and took part in the election and in every case the women voted in about the same proportion as the men. The canvas of the votes cast by women shows:

	For	Against	Total
1st Precinct	114	11	24
2nd Precinct	9	10	19
3rd Precinct	4	8	12
4th Precinct	18	5	24
5th Precinct	22	0	22

Spoiled Ballots.

One woman in each the first and fourth precincts spoiled her ballot by not marking it properly, leaving the judges undecided as to the intent of the voter, and accordingly the votes were not counted.

The list of Dixon's first lady voters is worthy of mention, as it shows the women who are proud of the right to vote and who will lead their sisters in coming elections.

First Precinct.

The honor of casting the biggest vote of the day falls to the ladies of the first precinct, where 26 of the fair sex marked their ballots. They were: Nellie L. Johnson, Jennie L. McAlpine, Grace Crawford, Melinda Swan, Emma Ackland, Elizabeth Breneisa, Jennie McVey, Georgia Fuller, Elizabeth Underwood, Mabel S. Shawler, Mrs. H. A. Watson, Maude Selby, Anna L. Geisenheimer, Mary McTague, Rena Onnen, Gene Hitchcock, Katherine Ballou, Mary Ella Brown, Blanche Wimbrenner, Alice Johnson, Clara Goodrich, Gwendolin S. Bardwell, Catherine Gaffney, Rebecca Fish, Lucy Franklin.

Second Precinct.

Nineteen second precinct ladies voted: Hattie Dodge, Marie L. Green, Bertha Manges, Grace Covert, Martha Beier, Lucy Badger, Lottie Horton, Emma Krug, Phillis Fitch, Elizabeth Haley, Julia Schweinsberg, Agnes Barry, Mary McCoy, Clara Heffley, Emma Held, Anita Kent, Florence Winn, Augusta Robbins and Myra Poole.

Third Precinct.

In the fourth precinct the following ladies voted: Mrs. Charity Car-

BULLETIN

SHIP IS AFIRE.

Norfolk, Va., July 30—Special to Telegraph—The Merchants and Miners steamer Howard is at sea with a raging fire in her hold and a terrified crew fighting for their lives. The Old Dominion steamer Monroe has gone to the rescue.

FATAL WRECK.

New Comerstown, O., July 30—Special to Telegraph—C. A. Mitchell, a brakeman was killed, and a fireman was badly scalded when a coal train went into the ditch near here today.

EXPECT BIG BATTLE.

El Paso, Tex., July 30—Special to Telegraph—Two constitutional armies are marching on Juarez and a desperate battle is looked for at any time. People of this city have appealed to Washington for protection for lives and property on this side of the border.

TRAIN HIT MORRISON TRUCK.

Morrison, Ill., July 30—Special to Telegraph—No. 20, eastbound passenger train on the Northwestern, struck one of the Libby auto trucks this noon as it was crossing the track loaded with cans of milk, and demolished the machine. The driver saw the train coming as he got onto the tracks and jumped just in time, to escape death. When he picked himself up and saw the damage that had been done the truck and how narrow had been his escape, he fainted away. The front of the engine was also somewhat damaged.

WOMAN DIES IN A HORRIBLE MANNER

USING KEROSENE TO QUICKEN A
FIRE—IS CREMATED
BY FLAMES.

Mrs. Arthur Borden of South Beloit met death in a terrible manner when kerosene which she was pouring into a stove to hasten the fire exploded and set her entire body afire. She ran upstairs into the room where her aged mother lay sick and helpless, tried to get a blanket around her, ran down again, all the time her two little children following her and crying pitifully, and ran out doors into a vacant lot where tall weeds grew, where she was found in an almost cremated condition. She died a few hours later in a Beloit hospital.

Every place she stepped as she ran through the house a screaming torch, she left a tongue of flame and only the heroic work of neighbors saved the house.

Her husband had been in Beloit to get medicine for her sick mother and while returning on an interurban saw an automobile headed for Beloit with a body swathed in white in the rear seat. When informed at the depot that the body was that of his wife he swooned.

COUNCIL MEETS TONIGHT.

Despite the fact that the city council Monday evening decreed themselves in favor of morning meetings of that body, Mayor Brinton has called a special meeting for 8 o'clock tonight to canvass the vote at yesterday's special election on the water-works franchise.

IS VERY ILL.

Mrs. John Horgan has been called to Chicago by the serious illness of her sister, Mrs. Steven Scully, who is well known here. Many friends in Dixon will regret to learn that Mrs. Scully's condition is considered critical.

SCHULEES ON TRIP.

Commissioner W. A. Schuler and family left this morning for their annual vacation trip and during his absence Commissioner M. J. Gannon will look after his duties.

OLD LAW STUDENTS GATHER HERE TODAY

DIXON COLLEGE OF LAW ALUMNI
HOLD REUNION TODAY AND
TOMORROW.

BUSINESS MEETING TONIGHT

Quite a Number of Old Law Students
Congregate Here to Consider
Permanent Organization.

The first reunion of the alumni of the Dixon College of Law is being held in Dixon today and will continue tomorrow, and nearly 75 students of the institution, of which Judge Watts has been dean for many years, had reported this afternoon.

But, because of the late arrival of many former students of the institution, the business meeting, to have been held at the Elks club at 3 p. m. today, when a permanent organization was to have been formed, has been postponed until 6 o'clock this evening at which time the former graduates will meet and if the wish is general a permanent alumni organization will be organized.

Banquet Tonight.

This evening at 8 o'clock a banquet will be tendered the visitors, the committee in charge having arranged for an excellent spread at the Elks' banquet hall. Toasts by some of the more prominent guests will be a feature, and tomorrow a boat ride up the beautiful Rock river will remind the former students of the happy times in this city.

GANNON ALLOWS COPS TO SHED COATS

COMMISSIONER SAYS POLICE
MAY DRESS IN COOLER
GARMENTS.

Commissioner Gannon of the department of health and safety, announced this morning that he had instructed his officers that if they wished to provide themselves with light uniforms he was perfectly satisfied, and he even stated that if, during the hot weather, the policemen wished to go without their coats he would raise no objection so long as they wore their stars in a prominent place.

ROBBER CAUGHT BY POLO POLICE TODAY

BANDIT LOOTED HAZELHURST
POSTOFFICE AND WAS CAUGHT
IN POLO.

Polo, Ill., July 30—Special to Telegraph—A robber broke into the postoffice at Hazelhurst, a village northwest of this city, last night and got away with \$60 from the government station in connection, and during the night the yeoman made his way to Polo.

The Polo police were on the lookout for the man, having been notified by phone of the affair, and when the robber walked into the Polo depot to buy a ticket for Chicago, he was nabbed.

He had the goods on him and confessed his guilt immediately. He was taken to Oregon to await trial.

DIDDIER MASSON

DESTROYS BATTLESHIP
Sterling Gazette: Diddier Masson, who is operating with the rebels in the Mexican revolution and who yesterday dropped a bomb from his aeroplane and destroyed the Mexican battleship Tampico, was in this city last year and made two flights over Sterling. The flights made here were the most graceful ever witnessed by Sterling people. Masson also took a trip to Dixon and return.

He had the goods on him and confessed his guilt immediately. He was taken to Oregon to await trial.

HARD ROAD LAW STIRS SUPERVISORS

LEE COUNTY DADS HAVE LIVELY
SESSION TODAY OVER
NEW ACT.

S. E. BRADT EXPLAINS LAW

Tells of Its Provisions—Map Shows
Roads Which Are Under
Consideration.

The special meeting of the board of supervisors was held this afternoon to consider action on the new Tice state road law, which became effective July 1, and was the most exciting meeting the board has had, in fact in a few short hours more discussion developed than in any meeting of recent years.

The fact that many of the supervisors did not fully understand the full provisions of the bill and because all were not satisfied with the map which had been drawn showing the roads on which state aid is desired, brought many discussions.

Map Shows Work.

Two maps, one prepared by the Dixon Citizens' association and the other by the Amboy Commercial club, were exhibited in the supervisors' room, each showing practically the main roads on which state aid is desired. The roads mapped out for improvement provide main arteries into every city and village in the county, and every township is included in the scheme of improvement.

The maps contained nearly 300 miles of road, about 20 per cent of the total road mileage in the county—which is all the law provides for—for improvement. It is estimated the 20 per cent of the roads will accommodate about 80 per cent of the travel of the county.

S. E. Bradt Speaks.

As soon as the board had convened, S. E. Bradt, president of the First National bank of DeKalb, and the original framer of the good roads law was called upon to explain it. He briefly outlined that:

One-half of the cost of the improvement of roads is to be borne by the state and one-half by the county.

Lee county, being second class will receive 20 per cent of the road tax money paid in from this county.

People will be disappointed in expecting the state to go ahead building roads, inasmuch as Gov. Dunne has cut the appropriation for this year from \$700,000 to \$400,000, and left but \$4,000 for expenditure in Lee county this year. Next year, however, the appropriation will be \$70,000, as the governor did not cut that amount.

The board must submit the names of three or five candidates for 120 office of county commissioner of highways, to take an examination before the state highway commission, only one member of which, by the way, has been appointed by the governor, and from those who pass that examination the board of supervisors must select their county commissioner, and must also fix his salary.

The state commission has power to change the designation of the county board of supervisors so roads may connect with improved roads in adjoining counties.

The new law doesn't interfere with the present highway commissioners unless the people of the township vote to have but one commissioner, the supervisor of the township to be township treasurer, however, whether there be three or one commissioner. In case the township decided in favor of but one commissioner the salary shall not be more than \$4 per day.

The county commissioner must go over the roads in the county at least once a year and often if so ordered by the state highway commission, and he shall be in charge of all the work and approve of all moneys expended on roads in any township over \$200.

The labor system of paying road and bridge tax is abolished, henceforth all such taxes to be paid in cash.

At 2 o'clock Mr. Bradt had answered every question that was asked him and accordingly was excused, not before he had received hearty applause, however.

TELLS GRAPHIC TALE OF TITANIC DISASTER

REV. ALLEN O. BECKER ENTER-
TAINED BIBLE CONFER-
ENCE TODAY.

WIFE AND CHILDREN ON BOARD

Story of Most Terrible Sea Disaster
of Modern Times is Told in
Interesting Detail.

Three thousand people gathered at the auditorium at 11 a. m. today to hear the story of the ill-fated Titanic from the lips of Rev. Allen O. Becker, whose wife and three children were passengers on the vessel, but were among those saved.

Mr. Becker told a graphic story in detail. He declared that the story of the officers drinking on the night of the disaster was untrue. The officers were doing their duty and were not dissipating.

Another statement given was the band did play during the sinking of the ship and played while they stood in water up to their knees. They played until the ship sank, according to Mrs. Becker's story given to her husband.

Mrs. Becker and two of her children, the two youngest, got into lifeboat No. 15 and Ruth, the oldest, 12 years of age, was separated from her mother, coming to the Carpathian in lifeboat No. 13. During the separation from her daughter Mrs. Becker suffered untold agonies.

Ruth was in better physical condition than her mother or sisters when she boarded the rescue boat. The suffering was awful from cold. The women and children were almost frozen before they were rescued. The lifeboats floated in an area ten miles in diameter. They were 400 miles from shore.

The Titanic had 11 decks and Mrs. Becker and children were on the third deck.

Mr. Becker praised the climbing ability of his daughter Ruth who, through her climbing was able to save herself. She became separated from her mother on the ship and by climbing through a skylight she gained a place where she could get into a boat. She stood and watched her relatives placed in a boat. She turned away in dismay, but the fact that she could climb came to her and she followed men through the skylight and was rescued.

Mr. Becker said the wreck of the Titanic was the work of God. The lights of the ship were kept burning until it sank. Had the electric lights gone out thousands more would have been lost.

Rev. Becker's story will never be forgotten by thousands who heard him.

Becker Tomorrow.

Rev. Becker will address the conference tomorrow morning on "India and Some Things Christian Missions Have Accomplished." in Chautauqua hall.

Rev. Vigness of Ottawa will address the conference at 10 o'clock. Rev. Vigness is dean of Pleasant View college.

FIRST LICENSE IN TWO WEEKS.

The first marriage license issued in Lee county for over two weeks was issued this morning when County Clerk Thompson gave to Lester L. Phillips of Detroit and Miss Ida H. Christiane of Dixon the legal permit to wed. This was the first license issued since July 15, two weeks ago yesterday.

ARRANGE FOR SUNDAY GAME.

The Dixon Stars will probably play the LaSalle Eagles or the Morrison team at Athletic park in this city on Sunday afternoon, according to announcements made by the management this morning. The Stars claim to have assurances that they can use Athletic park at any time they wish this season, and accordingly will attempt to give the fans amusement every Sunday from now until cold weather.

Attorney William L. Leech of Amboy was here today on professional business.

SIXTH REGIMENT TO GET HARD DRILLING

CO. G MEMBERS NOT TO BE PUT
THROUGH WAR MANEUVERS
AT CAMP LINCOLN.

Springfield, Ill., July 30—Though the Sixth regiment, now encamped at Camp Lincoln, will not be put thru the field war maneuvers as the other regiments were, the week will be one of hard work and drills for the men from the upstate cities outside Chicago.

Col. Lawrie announced yesterday that the encampment is the first time the entire regiment has been assembled since 1908, and that it would take a large amount of work to round it into shape. The work, however, was started this morning with the fundamental principles of soldiers training and will be continued along these lines until the regimental drills have been reached and perfected.

Governor's day will be Friday.

REGAINS VOICE BY USE OF HYPNOTISM

FREEPORT GIRL TOLD SHE WAS
IN A BALLOON AND MUST
SCREAM OR BE THROWN OUT—
SHE SCREAMED.

Freeport, July 30—Special to Telegraph—Miss Coralyn Howe, residing on Pine street in this city, can speak again after absolute silence for the last four months, as clearly as at any former time and in her natural voice.

The phenomenon was performed by a hypnotist and his wife who have been treating her for several days. The young lady had appealed to many physicians who pronounced her case incurable. Her voice had left her four months ago following a severe cold. Physicians warned her against such foolish treatment as hypnotism, but friends prevailed upon her to try it and so she went to Joseph Smart, a Freeport man, and for a short period each day she has been under a hypnotic spell. Yesterday Mr. Smart was not at home so Mrs. Smart gave the treatment. When she had the young lady under her control she told her that she was up in a balloon floating among the clouds, and that unless she screamed for help she would be thrown out.

The girl turned loose several very healthy and lifelike screams and was brought out of her trance to find that she again had complete control of her vocal organs.

MALTA WOMAN TAKES LIFE WITH PISTOL

STANDS BEFORE MIRROR IN BED
ROOM AND SENDS BULLET
THROUGH TEMPLE.

DeKalb, July 30—Blue and discouraged over illness that had afflicted her for some time, life had no attraction for Mrs. George Apgar of Malta and she stood in front of a mirror at her home in the western village and fired a bullet from a large revolver into her temple.

Death came instantly. Some hours later her husband, who is in charge of the Northwestern pumping station at Malta, came home and finding the house locked forced his way in at a basement window.

Finds Wife Dead.

Going into the upper rooms he found the dead body of his wife lying in front of the mirrored dresser in her room and near her was a revolver, where her nervous hands had dropped it, mute evidence of what had happened.

Mrs. Apgar was about 50 years of age. For some time she had suffered from illness and despondency. Yesterday her husband went to work as usual, telling his wife to come down to the pumping station during the afternoon, which she had promised to do.

8:00 p. m.—(A) Lecture, "The Final Test of Our Democracy," Dr. Charles S. Medbury.

Dr. Frederick A. Cook will lecture at the Assembly this evening at eight o'clock.

"Missed my connections. Will arrive at 7 o'clock," was the message received at Secretary Rasch's office today at 2 p. m.

The management regrets that Dr. Cook was not able to fill his engagement this afternoon, but the blame cannot be put upon those in charge of the Assembly. Dr. Cook's representative came out from Chicago this forenoon fully expecting to meet the Arctic explorer here, but he also was disappointed.

Jubilee Singers.
In the place of Dr. Cook's lecture the Dixie Jubilee Singers gave an excellent concert this afternoon. The management was indeed fortunate in being able to give the thousands of people such an excellent program.

Dixon always extends a hearty invitation to these people who have several times entertained them. This evening they will give a short concert before Dr. Cook's lecture.

Nearly 10,000 people were in the auditorium at 2 o'clock to hear the story of Dr. Cook's Arctic explorations. Thousands will remain this evening and thousands more will enter the grounds tonight when they learn that the Cook lecture will be given at that time.

Program Tonight.
Tonight the Dixie Jubilee Singers will put on a full concert.

These people need no introduction here. They always make good. They made good this afternoon. Thousands who came to hear Dr. Cook, heard the brief concert by the colored people and were delighted with their program.

Miss Elsie Reich will give another of her clever readings before this evening's concert.

W. C. T. U. Day.
Thursday is W. C. T. U. day and the temperance workers from far and near will be, or should be here today.

The speaker for the afternoon is Mrs. Edith Smith Davis, superintendent of scientific investigation and instruction of the World's and National W. C. T. U.

Mrs. Davis is well versed in her subject and should be given a good attendance.

Prior to the address at 2 p. m. a musical prelude will be furnished by the W. C. T. U. After the afternoon address there will be held in the auditorium a W. C. T. U. conference.

Band Concert.
Thursday evening there will be a concert played by the Dixon Marine band, at 7 o'clock. All Dixon people as well as others will want to hear the concert.

Thursday evening Dr. Charles S.

"MULHALL IS LIAR," SAYS UNDERWOOD

Speaker Clark and Leader Mann Also Make Denial of Lobbyist's Statements.

SAYS HE IS "BLACKMAILER"

Underwood Declares That Man Who Takes Liberties With Names of Public Men Should Be Made to Prove Charges.

Washington, July 30.—Representative Underwood, Democratic leader of the house, appeared before the house lobby investigation committee and charged that Col. M. M. Mulhall, the lobbyist, was a blackmailer. The appearance of Underwood was an event not on the program. He came unexpectedly.

At the night session Minority Leader James R. Mann and Speaker Champ Clark also made most emphatic denials of Mulhall's statement that Representative J. T. McDermott of Chicago had offered them the "Mulhall letters" for use in the house of representatives' investigation. Both insisted they never heard of the letters until after they were sold for publication. They probably will repeat their denials on the witness stand next week.

Mulhall enlivened the day by testifying that Representative McDermott had admitted to him that he had signed Mulhall's name to a check for \$250.

Gives Lie to Mulhall.

The letters themselves, however, purported to give much information alleged to have been furnished Mulhall by Mr. Underwood, and the latter took the stand to give the lie direct, and at once, to Mulhall.

"I think," replied Chairman Underwood, "that it is in the interest of the public that a man who has taken liberties with public men as this man has should be contradicted."

"I regard a man of this kind as a blackmailer. That man has never been in the ways and means committee room since I have been chairman of the committee. He may have had conversations with me, but when he says he had an interview I want to say that statement is a lie."

Mr. Underwood also said he did not believe he ever had seen Mulhall before in his life.

Mulhall practically finished his identification of letters he wrote and received in the ten years he claims to have been the lobbyist for the National Association of Manufacturers.

Mulhall's last day as an identifier of letters proved the most exciting of his two weeks on the stand.

He swore that he had tried to get Chairman Wilson of the labor committee interested in the story he is now telling and that Speaker Clark and Minority Leader Mann of the house had turned down an opportunity to conduct an investigation of his activities. The speaker and Mr. Mann, he said, had been approached on this subject by Representative James T. McDermott of Illinois.

Speaker Makes Denial.

"Neither Mr. McDermott nor anybody else ever showed me the Mulhall letters and papers," said Speaker Clark in a statement.

"Neither Mr. McDermott nor anybody else ever spoke to me about them. I never knew that Mulhall had any letters or papers until I saw in a newspaper that he had sold them to a New York paper."

He testified he also had offered his correspondence to Samuel Gompers, president of the American Federation of Labor, and that Gompers had declined.

"Were the letters or their substance laid before Mr. Wilson?" asked Senator Walsh.

"I gave Mr. Wilson an understanding of what I had," replied Mulhall. Speaker Clark and Mr. Mann, Mulhall said, would not have the matter "come up."

"Did you have a talk with either?" asked Senator Cummins.

"No, sir."

"Did you offer to sell them to Gompers?"

"No. I offered to give them."

Mulhall told during the day that he left the National Association of Manufacturers late in 1911, but letters of 1912 and 1913 showed him still about Washington interested in the make-up of committees and in legislation. Other letters showed an evident desire to get back with his old employers, although he did not admit that he wished to secure his old berth.

One of the last letters put in the record was dated May 26, 1913, and addressed to former Representative James E. Watson of Indiana.

In this letter Mulhall asked Watson to interest D. M. Parry, former president of the association, in his behalf. It was only a few days later that the senate committee started its lobby investigation and that he began to negotiate for the disposal of his correspondence.

Drowns in Vain Effort to Save. St. Paul, Minn., July 30.—William O'Gorman, aged eighteen, and an unknown companion were drowned in the Mississippi river here while swimming. O'Gorman sank and his companion tried to save him.

Hague Minister of State Dead. The Hague, July 30.—M. Tobias Asser, minister of state, died here.

Ham Croquettes.

One cup of finely chopped cold ham, two cups of hot mashed potatoes, add a tablespoon of milk, one of melted butter; salt and pepper to taste. Mix well together and form into croquettes. Dip in a well-beaten egg, then in rolled cracker crumbs and fry in hot lard a nice brown. Serve hot.

Johnny Cake.

One cupful of sour milk, one cupful corn meal, two cupfuls of flour, one teaspoonful each of salt and soda and one tablespoonful of sugar will be needed for this recipe. Mix soft and bake 20 minutes in hot oven.

Coffee Cake Without Eggs.

One heaping cup of sugar, one cup of butter, three scant cups of flour and two heaping teaspoonfuls of baking powder sifted in the flour.

Potato Scones.

One pound of cold potatoes, one ounce of butter, two tablespoonfuls of milk, one-quarter pound of flour, one saltspoonful of salt. Boil and mash the potatoes, add the milk and butter, add salt and work in the flour. Roll it out thin, cut in rounds. Bake on a hot floured griddle. Cook about three minutes on each side.

Eggs a La Fayette.

One slice of ham, one slice of chicken, one poached egg, mayonnaise, chopped olives. Serve cold.

ERUPTION ON ANKLE GREAT SUFFERING

Many Nights Did Not Sleep. Burned All the Time. Wore Bandage Night and Day. Used Cuticura Soap and Ointment. Now Well.

Kingsville, Mo.—"My trouble began eighteen years ago. Nearly half of the time there were running sores around my ankle; sometimes it would be two years at a time before they were healed. There were many nights I did not sleep because of the great suffering. The sores were deep running ones and so sore that I could not bear for anything to touch them. They would burn all the time and sting like a lot of bees were confined around my ankle. I could not bear to scratch it. It was always so sensitive to the touch. I could not let my clothes touch it. The skin was very red. I made what I called a cap out of white felt, blotting paper and soft white cloth to hold it in shape. This I wore night and day.

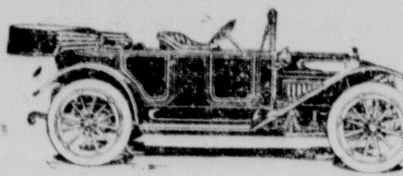

"I tried many remedies for most of the eighteen years with no effect. Last summer when my ankle had been sore for over a year and much worse than ever before I sent for some Cuticura Soap and Ointment. It would itch and burn, besides a great hurting that I think tongue could never explain. The very first time I used Cuticura Soap and Ointment I gained relief; they relieved the pain right then. It was three months from the time I commenced using Cuticura Soap and Ointment until the sores were entirely healed. I have not been troubled since." (Signed) Mrs. Charles E. Brooke, Oct. 22, 1912.

Cuticura Soap 25c. and Cuticura Ointment 50c. are sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

VALUABLE SCRAP BOOK

THAT ALWAYS USEFUL COLLECTION OF CLIPPINGS.

May Be Very Easily Made at Home—Appropriate Classification Will Save Time When Special Recipe Is Called For.

There are several ways to keep clippings, but the simplest for the average housekeeper is to put them in books under appropriate headings. Buy a large blank book or make one from heavy yellow paper, which can be bought by the wholesale, cut in any desired size. A little broader than the ordinary magazine is a convenient size to handle.

Cut the pages for thumb indexing, but instead of having letters represent the index make the spaces a little broader and put department heads. Thus for a recipe book have the different groups alphabetically arranged, as Aspies, Broths, Biscuits, Cakes, Custards, Drinks and so on in as many divisions as may be convenient.

It will be not only cheaper, but more satisfactory to make the book and bind it between cardboard covers. These should be punched with three or four holes and covered with either crash or a thin oilcloth that is easily kept clean.

At small cost the paper can be punched with similar holes, and the pages can be tied into the covers. In this way new pages can be added to

each division as is necessary.

Instead of making a conglomerate book, it is well to start several. One on household hints, house furnishing, laundry notes and cleaning recipes would prove a boon in every home. In such a book one of the divisions could be classified advertisements that most women think they will test some time, but never can remember where they are to be found when wanted.

Another book on health and beauty clippings, care of the sick and nursing notes will prove useful, while no gardener who has ever had a classified collection of good garden clippings could ever be induced to part with it.

Lemon Pie.

Grated rind and juice of one large lemon. Put in mixing bowl, add pinch salt, butter size of a walnut, large cup sugar and beaten yolks of two eggs. Whip until light and creamy. When you begin to make pie have double boiler on stove and boiling water in the tea-kettle. Put heaping tablespoonful of cornstarch into cup with enough cold water to dissolve it, empty into double boiler and pour on it immediately a cup of boiling water. Stir until clear and ready for the prepared mixture. Pour the mixture onto the crust and let cook eight or ten minutes. Have crust baked and add filling. Frost with the following and brown nicely in oven: Frosting—Whip whites of two eggs stiff, add two tablespoons sugar. This reads as though it was a lot of work, but really is quite easy and always good. The filling will be quite thick after it has cooked the eight or ten minutes.

MAKE NO MISTAKE

Are You Weak, Nervous, Diseased?

FREE—Consolation, Examination, and One Week's Trial Treatment.

DR. R. S. PIPER SAYS

You who have been humbugged by "Old Treatment," and who have found yourself growing older and worse; YOU who have given up in despair, saying, "I am doomed, there is no hope for me," to you he says, who are sinking into an early grave or drifting upon the shoreless sea of sickness and misfortune, UP and SAVE YOURSELF! There is HOPE PERHAPS A CURE.

COME FRIDAY, AUGUST 1 And he will treat you FREE FOR ONE WEEK, if you desire, to prove thousands of dollars to develop his treatment, and he knows what it will do. Don't experiment elsewhere. Try his treatment FREE, and be convinced that he can give you results.

He Has Restored Thousands to Perfect Health and Strength

HE WANTS THE WORST CASES—the so-called incurable cases—the hopeless (?) cases in order to prove what his successful treatment will do. Ninety-nine per cent of his cures are performed in cases which have been pronounced incurable, and who have tried so many other treatments and taken so much medicine that they have become completely discouraged. These have come to Dr. R. S. Piper and have found health and happiness. Why not let him cure you?

DISEASES OF MEN—There are no diseases so destructive to the health, happiness and prosperity of man as Lost Vitality, Blood Poison, Syphilis, Stricture, Varicocele, Losses, Discharges, Urinary Troubles and other diseases from which men alone suffer. Such diseases rarely cause death, but they produce a condition of mental and bodily suffering that is worse than death. There are no diseases about which physicians in general know so little and treat so carelessly.

Because the subject is so delicate—and frequently so disagreeable—competent physicians are loath to handle it, and the same delicacy on the part of many patients causes their treatment to be neglected. Such a feeling may, perhaps, be natural, but there is really no cause for it. Ignorance, not vice, is most often the real cause of such diseases. Therefore do not neglect yourself by reason of false modesty. These affections are as legitimate a branch of medicine as diseases of the Heart, Lungs or Stomach. Seek proper means of relief at once, for neglect is fatal.

ALL DISEASES—All curable afflictions can be cured by Dr. Piper's treatment—many that others consider incurable—no matter how many remedies you have vainly tried—no matter how many other doctors have failed. Curing DESPERATE CHRONIC CASES is Dr. Piper's specialty. ARE YOU SUFFERING from belching of gas or food from the stomach, pain or distress in the stomach, breaking out on the skin, constipation, creepy or numb sensations in the limbs, the effects of an old illness, despondency, deep seated blood diseases, melancholia, loss of ambition, loss of vital energy, wasting diseases, epilepsy, fits, asthma, eczema, gall bladder trouble, varicocele, early abuses, headache, pain in the back or the side, dizziness, rheumatism, acute infections, auto-intoxication, nervous prostration, loco or ataxia, dyspepsia, biliousness, heart disease, kidney and bladder disease, lung trouble, catarrh of the head, diseased eyes, deruced vision, female diseases, nervous exhaustion or any evidence of breaking down in MAN or WOMAN?

Thousands have been cured in the past—many just like your case. Won't you let him cure you? A friendly call may save you future suffering; it has made life anew to thousands who have been pronounced beyond help.

NOTICE—Dr. R. S. Piper will be at the Nachusa Hotel, Dixon, for One Day Only

Doings

The election went "wet," although a lot of thirsty ones found it remarkably "dry."

Now that the waterworks question has been settled we can wait patiently for the Elks' big clam bake on Labor day.

Sen. Jenson suggested that "fried pig" would be a good feast for an opening day.

Goose Hollow Letter.

Mr. and Mrs. Hank Frisby are certainly getting into the plutocrat class. They had liver for dinner the other day.

Lem Higgins says when his automobile makes a mistake and runs all right he gets scared for he knows something must be wrong with it.

Election Sidelights.

A number of humorous incidents attended the efforts of the first voters. One lady, who evidently had been reading of what the women voters may be able to do, when asked how she had voted replied, "Why, I voted dry."

In the second precinct one of the judges remarked that if the ladies had to answer certain questions he would wager the half of them would not vote. So he tried his theory on a lady of his acquaintance, and when she approached and asked for a ballot he asked her her age. The "first voter," however, was not to be forestalled by such a thing as that, and as she reached for the ticket she quietly informed the judge that "it was none of his business."

Spice Cake.

One cup sugar, one egg, one cup milk, two tablespoons butter, two cups flour, two heaping teaspoonsful baking powder, one-quarter teaspoonful salt, one-half teaspoonful cloves, one-half teaspoonful cinnamon, little nutmeg. Blend butter and sugar together, beat eggs well, add to butter and sugar, then the milk. Mix all the dry ingredients together, sift three times, mix with the butter, sugar, etc. If milk is sour use one even teaspoonful soda instead of baking powder; one cup of raisins if you choose.

Pepper Filling.

When you have a little beefsteak left over, chop it fine, mix it with rice, put in butter, pepper and salt and a mite of onions. This makes a delicate filling for stuffed peppers. Cut off the small end, clean out the seeds and fill them; bake them until the peppers are soft, but not until they lose their shape.

Home Helps.

To clean lacquered brass wash in hot water, using soap if necessary. Polishes should be applied to unlacquered brass only.

Folded newspapers should be kept handy in the kitchen, and these placed under pots and kettles. If this is done every day when the pans are taken from the stove no grease spots will mar the kitchen table.

Avoid open shelves in a kitchen, as the dust soon gathers there. A wide window shade is splendid to keep out the dust, and far more sanitary than a curtain.

Croquettes to be fried in deep fat should stand for 15 minutes in the warm kitchen before being cooked. This will help the browning process.

Bunny Sandwiches.

Sandwiches attractively served are always appetizing, and for a gathering of little folks they should be novel in form. These are cut in the shape of rabbits; the bread, thinly sliced, is cut into shape by the use of a cardboard pattern. Half the number cut are spread with a chocolate-and-nut filling, and then topped with the remaining bunnies.

A bit of melted chocolate is then dropped on to simulate an eye. Any other animal shape may be used instead of the bunny, and the same idea may be applied to any odd-shaped sandwiches that you can cut out with a knife or a cutter.—Harper's Bazar.

Date Cake.

One cup brown sugar, one cup shortening, one-half cup warm water, two cups rolled oats, two and one-half cups flour, one tablespoonful soda.

Filling—Stone one pound of dates and cook with one-half cup water and one cup granulated sugar until soft. Spread dough in thin layer on bottom of pan, then spread with the date mixture and cover with another thin layer of the dough. When baked, cut in three-inch squares.

To Clean Mica.

To clean the darkened sheets of mica in your coal heater, wait a time when the fire is out or very low.

Then sponge them off with a soft piece of sponge dipped in diluted vinegar. If the black does not come off at once let it soak a little. Touch very gently as they break easily. Even though badly smoked they will become quite clear by this treatment if a little patient care is given. Let them dry gently before exposing to the heat of the fire.

Mock Rabbit.

Mix pound of raw chopped beef, and as much lean veal, also chopped, with four eggs, one cup breadcrumbs, a little salt, pepper, nutmeg, parsley, thyme and a spoon of onion juice. Beat all well and shape on a dish into an oval loaf. Cover with egg and breadcrumbs; put in a pan lined with slices of pork; bake in oven while baking it. Bake forty minutes. Serve hot or cold in slices.

Grape Sauce.

Squeeze the pulp from the skins of grapes, then cook the pulp and strain so as to get the seeds out, then put back on the stove, put in sugar, cinnamon, clove and mace and the skins, cook all together, put in a little water. This recipe is made wholly by taste as regards quantity. It is very nice with meats.

Ginger Loaf.

Place in a bowl a cup each of molasses and sour cream, and mix into this two rounding cups of flour sifted with two level teaspoonsful of soda, the same of ginger and a little salt. Add a well beaten egg, mix thoroughly and bake.

Unique Fruit Cake.

One pound seeded dates, one pound seeded raisins, one pound uncooked prunes, one pound walnut meats, one pound almonds. Put all through meat chopper, mix thoroughly and press in a bread tin. Let stand forty-eight hours; delicious.

Good Light Dinner.

A rich and savory soup, with fried oysters and sweet corn cakes, makes a delightful and unusual dinner.

Another scientist condemns the light bottle

We reprint an extract from his opinion rendered in the interest of science.

"The beer in the white glass bottle had taken on disagreeable odor and taste and was absolutely undrinkable. The beer in the dark bottles did not show this peculiar odor and taste." (G. Beck.)

Translation of Extract from Zeitschrift für das Gesamte Brauwesen, 1882—page 370.

Dr. Robert Wahl quotes Beck in corroboration of his own opinion, to the effect that beer in light bottles will become undrinkable when exposed to light.

19th YEAR IN Dixon
DR. PRETTYMAN

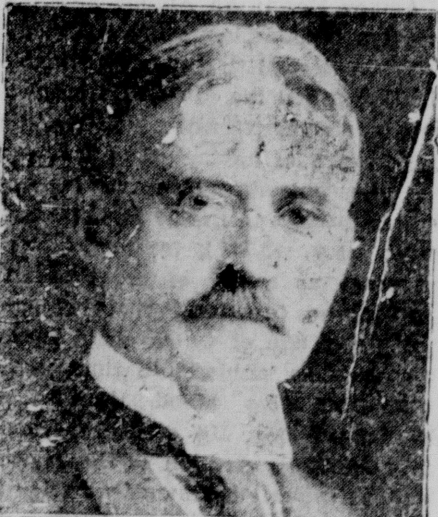

For over 17 years Dr. Prettyman has been coming to Dixon ever four weeks. What he has accomplished in the time is a matter of history. suffice it to say it has made him a reputation that no other specialist has ever attained nor can hope to attain in this vicinity.

His Work Speaks for Itself

The doctor keeps abreast of the times by devoting all his spare time to clinical work in the Chicago hospitals. He is not content to rest on laurels already won but he is on the alert for anything and every thing that will assist him in diagnosing and treating many cases that come before him. In 1909 he had special work in hospitals of London and Edinburgh and is enthusiastic over the results attained.

You Can Depend Upon Him

Others can come and go but Dr. Prettyman continues his visits regularly and does as he agrees in every case. In employing him you are assured not only the best results but that he will be here for years to come.

TURKEY BAKED WITH MILK

Recipe of French Chef Declared to Be
the Finest. Method of Cooking
Here Are Taken.

The following recipe has been handed down in our family for five generations. A noted French chef, when in Edinburgh, Scotland, was prevailed upon by some of the wealthy families to give their daughters a series of cooking lessons, writes a correspondent of the New York Press. The most delicious of all the recipes was for turkey baked in milk. It was brought to this country by them and has been used ever since by all the offshoots of our family. I have never seen it anywhere excepting in families who have eaten it at our table.

Make a stuffing of one-third potatoes finely mashed and seasoned, two-thirds bread crumbs, one cupful of raisins or one and a half cupfuls if turkey is large, one-half cupful of butter, about one-half cupful of sugar, cinnamon, salt and pepper to taste, and last, two well beaten eggs stirred in lightly.

When the turkey is properly prepared and stuffed with this mixture, heat a pint of new milk and put in the dripping pan with the turkey and bake, basting every 15 minutes with the milk. Keep milk in the top of the stove to replenish the supply in the pan as needed. It will take from one

to two quarts of milk. When done remove the turkey and set the pan on top of the stove to boil a minute. The gravy will then have a curdled appearance, and is the most delicious gravy ever tasted. If the cooking has not been just right, and the gravy does not thicken, add a little cornstarch and boil.

SEWING MACHINE NEEDS CARE

Much Trouble May Be Avoided if the
Simple Precautions Recommended
Here Are Taken.

The best way to finish off a machine seam is to turn the material and stitch back for an inch. This does away with the necessity of tying the thread, which, if forgotten, often causes trouble in the finished article. Sewing machines should be treated with great care if you would have them last a long while and do perfect work. After every two days of steady work oil the machinery thoroughly, but be careful to wipe away all superfluous oil. Run the machine rapidly but steadily, without any thread, for five minutes after oiling. This will cause the oil to scatter and the superfluous drops can be wiped away and none will be left to stain the material you are working with.

When much machine work is to be done, fill several shuttles with cotton finer than that used on top. An ordinary shuttle will hold a great deal of fine cotton and you will not be annoyed by having to stop and wind a bobbin when you are right in the midst of a long seam or a difficult bit of work.

Novel Shoe Case.
A woman who is hard on her silk stockings has learned to utilize the tops for bags for her shoes and slippers. When the runs and holes get undarnable the tops of the stockings are cut off midway of the leg and the lower edge sewed across in a French seam.

A shoe is kept in each of these stocking bags, which take up no room, cost nothing and act as an absorber of dust. Sometimes the kind of shoes is outlined on the bag to make them more easily distinguishable.

Fourth Precinct.

In the fourth precinct twenty-four "first voters" cast their ballots: Rose Plein, Rhoda Fister, Miss J. L. Castler, Dena Slothower, Dora Gylleck, Lucinda Smith, Edith Pellow, Belinda Jensen, Jessie Neighbour, Bettina Rossiter, Anna Moore, Mrs. J. D. Crabtree, Ingrid Jensen, Jennie Finkler, Mollie Marquis, Alice Missman, Bertha McWethy, Clara Rowe, Cora M. Taylor, Minnie Wagner, Isabelle Reynolds, Mrs. E. B. Reynolds, Mrs. Diona Miller, Miss M. E. Finkler.

Fifth Precinct.

The women of the fifth precinct, which takes in all of North Dixon, who took enough interest in civic matters to cast their vote on the water franchise, all of whom, by the way, were in favor of allowing the franchise, are: Cora VanBibber, Eva Risdon, Dorothy Law, Emma Graves, Helen Brinton, Rhoda Brinton, Tessie Cooling, Mira Warner, Mary C. Block, Edna Pitcher, Daisy Brenner, Alice J. Anderson, Emma Henry, Olive Anderson, Margaret Anderson, Ella Stark, Eugenia Rolph, Gracia C. Rogers, Louise Todd, Mary Todd, Carrie G. Todd and Louise B. Cummings. Twenty-two women voted in this precinct.

Uncooked Icing.

Uncooked icing is made by beating confectioners' sugar into the whites of eggs.

The rule is one egg for a small cake, two for a large one.

The average egg will take up from four to five ounces of sugar.

The egg should be beaten to a stiff froth and the sugar added gradually. A few drops of lemon juice will improve the color and the flavor. To prevent icing from running—when it is desired to ice the top only—dust the cake with flour. Brush off and proceed to ice.

Gumbo Soup.

Take a couple of nice small chickens, divide them as for fricassee, dredge with flour, brown in frying pan using butter instead of lard; then let them boil very gently two hours; salt and pepper to suit taste, add strained juice from a quart of oysters, put in two slices of fat boiled ham; let this boil for one-quarter hour before putting in the boiled oysters; put in a few leaves of some pleasant herb then simmer for ten minutes.

Finnan Haddie and Cream.

One pound smoked finnan haddie, remove bone and skin, then cut up very fine. One-half pint of milk, one-half pint of sweet corn, one-half tea spoonful of salt, one-eighth spoonful of pepper. Mix all this with pieces of fish and boil for ten minutes. This makes enough for three.

Human Hair as Darning Thread.

When darning a rent in woolen goods and it is impossible to ravel out the goods for thread, try using long strands of your own hair. The loose weave of the wool loses the hair in its meshes and so the darn becomes invisible.

Round Table Meetings.

Despite the heat and after a good day's entertainment from bible class lectures, bible conferences, musical attractions and a first class lecture, Chautauqua hall was filled again at 4:30 p. m. Tuesday to hear Mrs. Hessler discuss "The Decoration of Walls and Ceilings of the House."

The fact that she knows her subject so well is one reason for the large audiences. A domestic science teacher from Sterling, who holds an important position in the schools of Arkansas, declared that Mrs. Hessler was so well posted in her subjects that she was going to make the trip from Sterling daily that she might benefit from her lectures.

In the discussion of her subject, Mrs. Hessler declared that the first thing to consider is to make the house your home. Do everything to make the atmosphere comfortable, let everything be beautiful.

The walls and ceilings of every home are the background of that house. In well lighted rooms, in sunny rooms, place blue paper upon the walls and ceilings. In dark rooms give the walls the tan or yellow.

For sunny rooms the brilliant blue will do. You can use gray blue for it harmonizes with brown or tan. Don't use glossy paint.

Get wall paper that holds its color. Get fast colors.

If possible pay 25 cents a roll for the paper. For example, get oatmeal or silk fibre paper. You will get fast colors.

Thursday afternoon Mrs. Hessler will discuss the furniture of the home. That is a subject that men as well as women should take interest in and Chautauqua hall should be well filled with men on Thursday afternoon.

Mrs. Wirick is delighted with the success of the Round Table meetings.

Mrs. Hessler will close her lectures Saturday afternoon and until that time she should be given large audiences, for her lectures are deserving of them.

Wiggam and Babies.

Albert Edward Wiggam gave an interesting talk about babies Tuesday afternoon. He jumped right into his subject at the start. He took only a little time to tell that he was another newspaper man who left that work to go on the lecture platform. He also made it plain to his auditors that his home was in Indiana. All well, not quite all, great platform performers come from Indiana. Ohio has a few and Nebraska seems to have furnished the ranking chief of them all.

On a hot day like yesterday his subject was a delicate one but he handled it perfectly.

The speaker declared that not until 1901 did anybody know how to feed a baby. At that statement every mother pricked up her ears. Every woman who had to do with babies looked as if they thought the speaker did not know what he was talking about. But Wiggam went on.

He declared that the state and nation appropriated more for the raising of hogs than for the rearing of children. Then he branched off on "bottled" babies. He said: "Bottled babies, when they reach manhood, are rejected from the German army." The artificially fed baby is not as strong physically and will not be as strong morally as the mother-fed baby.

By this time mothers and grandmothers who have always taken pride in the home looked with wonder at the speaker.

But Wiggam went on.

Taking the speech as a whole it was a grand effort. He told facts that could not be disputed, for he told the truth.

Wiggam's address should have been heard by every father and mother and every young lady in Dixon. It contained truths that must be learned some day for the betterment of future generations.

Motored to Chicago.

Mr. and Mrs. F. W. Crowell of Oregon, Mrs. A. W. Lord and Frank Lord motored to Chicago Sunday, returning last evening.

Evening of Music.

Several thousand people were given a musical treat last evening at the Assembly. The Hearons Sisters pleased all. Both the concerted numbers and solos were rendered with great artistic taste and charmed the audience, whose enthusiasm increased as the program proceeded. The southern airs by the orchestra proved very popular. The violin solos by Miss Frances Hearons were so excellent that she was recalled several times.

Miss Winnifred, perhaps the most versatile of the four, delighted the audience not only with her cornet and mandolin playing, but as a reader. Her monologues contributed a most enjoyable part of the evening's program.

The talented Miss Elsie Reich pleased the audience with her clever reading. She will read again this evening.

Bible Class Hour.

Dr. Howard gave another excellent talk to his bible class this morning. In speaking of the devil he said that the devil was the father of all wickedness, of sin, and of everything opposing the laws of God. The devil is a great deceiver.

His class was large, many forgetting that the thermometer stood near the 100 mark.

Tomorrow the doctor will discuss "The Reality of Sin." Dr. Howard is one of the favorite ministers on the grounds.

Twilight Meetings.

The twilight meetings in charge of Miss Celia Lyday will be held out doors, just north of the auditorium. The meetings are growing in interest and attendance. The class will hold a social this evening between 7 and 8 o'clock at Bible hall and all young women on the grounds are cordially invited.

Boys to Hike.

The Oregon Boy Scouts, who are in camp here, will hike to Lowell Park Friday with the Dixon Boy Scouts.

Water Baseball.

The first game of water baseball was played Tuesday afternoon and was won by the Mud Hens, score 9 to 3. There will be a game every afternoon after the exercises. Big interested crowds of fans were present at the game.

Oregon's delegation last evening: Carrie and Elmer Shelly, Miss McDermott, assistant county superintendent of school, and Miss Helen Reel. The latter will remain for several days as a guest of Miss Mary Parkhurst.

Mrs. Frank Reed is also here for a few days.

ASSEMBLY NOTES

Albert Cryor of Oregon is spending his vacation with his brother Stanley at the Assembly.

Glenn and Fred Durin of Scarborough are staying at the Assembly for a few days with their sister, Ada.

The first game of water baseball was played Tuesday at 4 p. m. at the

beach.

Mr. Elissner was able to teach his swimming lessons Tuesday.

The bathing beach was lined with people Tuesday afternoon watching the bathers.

Tuesday was the biggest day at the Assembly hotel thus far, forty registering.

Among them were:

Mrs. Powell, Mrs. Ray Green, Lyndon.

W. E. Austin and wife, Mt. Morris.

Mrs. C. F. Krug, Ashton.

Dwight Sharer, Mt. Morris.

Peter Geyer and wife, Ashton.

Mrs. A. F. Moore, Polo.

Mrs. O. Brewer and Mrs. G. A. Hammell, Ashton.

John E. Craft, Mrs. F. W. Craft, Raymond Phillips, Rochelle.

Tuesday was a busy day for boatmen, several excursions being run to Lowell park.

Miss Gertrude Schulzke of Springfield arrived today and will camp at Idle-a-ly tent.

Rev. N. T. Hafer, pastor of the Baptist church at Walnut, and wife are at the Assembly for a few days.

They came yesterday to celebrate their 17th wedding anniversary here. They visit Dixon each year.

Dr. Huber has closed his excellent talks at the 9 o'clock bible hour, much to the regret of all. The doctor will remain here for the rest of the week.

FIND 17 NAILS IN ASH PILE.

Amboy News: An Amboy automobile owner came home the other day with a flattened tire and in an investigation found the cause of the puncture was a rusty screw which had the appearance of having come from an ash pile. This started him on further investigation and in one pile of ashes in an alley, which is traveled almost as much as some of the principal streets, he found 17 rusty shingle nails, any one of which could easily puncture an automobile tire, lame a horse or give blood-poison to a barefooted boy. He gives this incident as an illustration of the reason back of the city ordinance which prohibits dumping ashes in streets and alleys.

DROWNED IN GREEN RIVER WHILE BATHING

While bathing in Grees river one and a half miles northwest of Geneseo, Henry Foster, a well known Cambridge young man stepped into a suck hole fifteen feet deep and was drowned before friends nearby could offer aid. The tragedy occurred just before noon yesterday as a party of fifteen young ladies and gentlemen from Cambridge were about to start upon a day's pastime on the river banks.

HOLDS T. W. HENRY WAS OF
SOUND MIND—OREGON WOMAN TESTIFIES.

Mt. Morris Register Leader—That the late T. W. Henry, owner of the H. & H. Cleaner Co., who died last January and left an estate of over \$25,000, was of sound mind when he signed his last will was held by Judge W. H. McHenry of the district court.

The court dismissed the suit to have the will set aside asserting the contestants did not substantiate the charge that Mr. Henry was demented. The jury accordingly signed a verdict in open court ruling that the will was good.

Maude Henry Lawson and Harry Henry, children of Mr. Henry by his first wife, sought to have the will set aside on the ground that he was incapable of signing it because his mind was affected.

By the terms of the will Mrs. Sarah Henry, second wife of Mr. Henry, got the bulk of the estate. He gave Mrs. Lawson \$500, his son Harry \$50.

Mrs. Josephine Henry of Oregon, first wife of the deceased, testified yesterday he was affectionate to his daughter and son during the time she lived with him.

FAMILY THEATRE

Today four reels of pictures will be shown, including Pathe's weekly, which contains exceptionally good subjects. Beginning tomorrow for the last half of the week an exceptionally good vaudeville bill has been booked, of which the Paragon Trio, a feature act, are the headliners. This act consists of good comedy, singing and dancing, and is sure to please all patrons. Arthur Turelly is the added attraction in a brand new novelty act. Madame Gertrude is coming August 11. She has the reputation of being the world's greatest seers. If in doubt ask Madame Gertrude.

The pictures tonight will be: The House of Darkness. Arabi, the Human Horse. Pathe's Weekly. All Aboard.

G. O. P. SENATORS REFUSE TO RUSH

Republicans Balk on Sending Senate Minority Into Action on Tariff.

WARNING ISSUED BY LODGE

Declares That to Demand Enactment of Currency Law From Weary Congress Would Be Unwise—Progress on Bill Slight.

Washington, July 30.—Republican senators made it clear that they do not propose to hasten consideration of the tariff bill if the president and Democratic leaders of congress are to insist upon the enactment of currency legislation at this session. Senator Gallinger declared that the Republicans were in no temper to be forced, and Senator Lodge insisted that assurances of a prolonged hot summer session would not be conducive to hastening tariff action.

Discussion on this point arose when Senator Gallinger sought information as to the intent of the Democrats. Senator Simmons said he hoped that the Republicans were not making threats purposely to delay passage of the tariff, which all business interests wanted settled immediately. Republican senators assured him that they were making no threats, but that it was bound to follow that there would be no haste with the tariff unless an early adjournment should be the inducement therefor.

Will Not Delay Voting.

Senator Gallinger said that reading in the morning papers every day that the president would insist on holding congress here to enact currency legislation would not speed up action on the tariff. Senator Lodge added that it was most unwise to demand action on such important legislation as the currency of a "tired out congress."

Progressive Republicans disclaimed any intention to delay voting on the tariff unnecessarily, despite what else might be in store.

Following an attack on the bill by Senator Sterling of South Dakota, little progress was made in consideration of the earthenware schedule, several hours being occupied in discussing the rates on pumice stone and flint.

Senator Bristow complained because the bill decreased the duty on unmanufactured pumice stone only about 30 per cent. Senator Simmons said the reduction was made to bring about competition.

HOT DEBATE ON SLAVE CASES

California Affair Causes Delay in the House.

Washington, July 30.—Vigorous criticism and determined defense of the attitude of Attorney General McKelvey and the administration in the Caminetti-Diggs white slave cases marked five hours of political debate in the house.

The debate, forced by the Republican filibuster which tied up all business in the house all last week, followed the presentation of a report from the judiciary committee recommending that a resolution of Representative Kahn calling on the attorney general for a telegram relating to the cases be laid upon the table, as the data asked for had been furnished.

When the house adjourned the five hour debate on the resolution had not been exhausted and the discussion will be renewed when the house meets Friday.

FIGHTERS ACT LIKE BROTHERS

Leach Cross and Matty Baldwin go Twenty Rounds.

Vernon Arena, Los Angeles, Cal., July 30.—Leach Cross and Matty Baldwin stood in the center of the ring at the finish of 20 rounds of mild milling last night and embraced like brothers. Cross was given the decision. He outpointed Baldwin in at least eighteen out of the twenty rounds. The big fault to be found with Leach's work was that he did not try at any time to bring the battle to a finish.

GENERAL BIXBY TO RETIRE

Head of Army Engineers Steps Out for Older Office.

Washington, July 30.—At his request Gen. William H. Bixby, chief of engineers of the United States army, will retire August 11 in favor of Col. William T. Russell, senior colonel. General Bixby would not leave service on account of age until December, two months later than Colonel Russell. He asked retirement so that his brother officer might reach the highest rank.

American Sugar Company Elects.

New York, July 30.—The official reorganization of the American Sugar Refinery company was completed by the election of the following officers: President, Charles H. Allen; chairman of the board of directors, Edwin F. Atkins; vice-president, W. B. Thomas and George H. Frazier.

W. W. Finley to Quit.

Atlanta, Ga., July 30.—W. W. Finley will retire as president of the Southern railway September 1, according to authoritative advices received here, and assume the presidency of either the Southern Pacific or the Union Pacific.

McADOO IS ASSAILED

Senators Ask Inquiry Into Charges Against Bankers.

Secretary Should Reveal Information He Has on Campaign to Stop Sale of U. S. Bonds.

Washington, July 30.—Following his charge that New York bankers have organized a campaign to depress the value of government two per cent bonds, Secretary McAdoo was attacked by members of congress.

Representative Henry, in a statement, demanded an inquiry into the charges.

Senator Weeks challenged Secretary McAdoo to produce his evidence.

Chairman Glass said the house banking committee had its hands full considering the currency bill and did not propose to be diverted.

He and other members of the committee made it clear that they agreed with Secretary McAdoo as to the reasons for the depression.

Senator Weeks of Massachusetts, a republican member of the senate committee on banking and currency, in a statement attacked Secretary McAdoo for his charges and demanded that he make public the information on which he based the charge.

The Democrats of the house committee struggled along with the consideration of the administration bill. Representative Bulkley of Ohio continued his attack on the broad powers conferred by the bill on the proposed federal reserve board. By a vote of 3 to 33 the committee declined to adopt an amendment striking out the section of the bill allowing the board to suspend the reserve requirements of the bill for periods of thirty days and to renew such suspensions for fifteen-day periods.

Representative Bulkley also proposed an amendment providing for a graduated tax on banks as a penalty for allowing their reserves to fall below the required percentage, but this, too, was rejected.

DORN IS MOOSE DICTATOR

Selection Is Made Without Contest at Cincinnati.

Cincinnati, July 30.—Walter E. Dorn of San Francisco was elected supreme dictator of the Loyal Order of Moose, which is holding its convention in this city. His selection was without opposition. Mahlon M. Garland, collector of customs of Pittsburgh, was elected vice-supreme dictator. Daniel F. Crawford of Pittsburgh will be the supreme treasurer for the next year, and Arthur H. Jones of Anderson, Ind., will be the supreme council member.

There was no contest to any of the offices to which these men were elected.

GOV. FERRIS WILL MEDIATE

Violent Demonstrations Cease When Men Hear Report.

Calumet, Mich., July 30.—Serious rioting, resulting in the severe injury of half a dozen men, broke out in the copper mining field as a result of the strike of 15,000 miners. The violent demonstrations ceased when it was announced that Governor Ferris at Lansing had consented to lend his good offices to procure a settlement of the strike.

The initial arrests of the strike resulted from a fight near the Superior mine, in which two men of a party of ten men were so badly beaten there is little chance for their recovery.

Hunter Cremated in Tent.

Tower, Minn., July 30.—L. F. Ferris, a former resident of Tower, was burned to death when the tent in which he was living while hunting on an island in Lake Vermilion, took fire.

CORN CROP LOSS IN MANY STATES

Terrific Heat Will Cut Farm Product Far Below Normal.

PEORIA, ILL., HOTTEST PLACE

Temperature of 109 Is Recorded—Reports Show Deficit of 25 to 50 Per Cent of Moisture in Mississippi Valley.

Chicago, July 30.—The terrific heat wave which settled over the entire Mississippi valley and which is doing a great deal of damage with the crops in the corn belt states, swept into Chicago, sending the mercury to the highest point of the year. In the afternoon the weather bureau recorded 99 degrees, while several street thermometers registered above 100.

Peoria, Ill., was one of the hottest cities in the United States, a temperature of 104 degrees being registered at that place, while Yellowstone Park reported only 46 degrees. On the street the thermometers in several cities went as high as 109.

Scores of persons were prostrated in Chicago, but only one death was reported to the police.

Meat Prices to Soar.

Coincident with the heat wave came alarming reports from the corn belt states, together with predictions that meat prices are likely to soar later in the summer as a result of the large shipments of stock at this time.

On account of the damage to crops and the drying up of pasture lands farmers are getting rid of their cattle, sheep and hogs. This has sent the prices of meat downward temporarily, but probably will result in sending them way up later.

Wild Day in Corn Pit.

The alarming reports of crop conditions caused a wild day in the corn pit, and as prices advanced two to three cents the largest day's business of the year was recorded.

Hundreds of reports from all sections of the country removed all prospects for a large crop this year. Temperatures of 100 and over have caused damage to the corn crop estimated at from 300,000,000 to 400,000,000 bushels in Kansas, Nebraska, Missouri, Illinois and Iowa. The southeast district of Iowa reports the heaviest losses.

Dry Weather Hits Corn.

A deficit of from 25 to 50 per cent in moisture has been registered so far this season in the largest corn states and every day of high temperature lessens the prospects of a fair crop. A large amount of moisture during July and August is absolutely essential for the corn crop.

Estimates from Kansas City state that Kansas, which raised 174,000,000 bushels last year, will produce less than half as much this year. The loss in Illinois so far is not regarded as over five points.

Last year the entire country raised 3,125,000,000 bushels of corn and estimates this year run from 2,675,000,000 to 2,850,000,000 bushels.

THOUGHT BISHOP WAS THIEF

Detectives Arrest Chancellor of University as Bogus Priest.

Louisville, Ky., July 30.—Bishop Thomas F. Gaylore, chancellor of the University of the South, was mistaken by a passenger on a train between New York and Nashville for a bogus priest wanted in New York for getting money under false pretenses. When the train reached here Bishop Gaylore was put under cross fire by several detectives who had been summoned.

After a short delay the bishop was released, as several men on the train knew him. Bishop Gaylore was on his way back to Sewanee, Tenn., from New York.

RAIL ARBITRATORS NAMED

Roads Choose Officials to Appear in Proceedings.

New York, July 30.—W. W. Atterbury, vice-president of the Pennsylvania Railroad company, and A. H. Smith, vice-president of the New York Central & Hudson River Railroad company, were appointed by 42 eastern railroads as arbitrators to represent them in proceedings to settle the trainmen's demands under the Newlands act amendment to the Erdman law.

Water Famine Menaces Kansas.

Kansas City, Mo., July 30.—A water famine, which is threatened in some parts of central Kansas was aggravated by another severe heat wave which spread over the state. At Clay Center the maximum temperature was 107 degrees, at Manhattan 105 was recorded, and in many places thermometers registered 100 degrees or higher.

Boy Slain Hunting Rats.

Charlotte, Mich., July 30.—Fifteen-year-old Ray Smocks, son of John Smocks, a farmer living near Sunfield, accidentally shot and killed his thirteen-year-old brother, Rex, while the boys were hunting rats.

Greeley-Mars Fight Is Draw.

Cincinnati, July 30.—Johnny Greeley of Pittsburgh and Knockout Mars of Cincinnati fought a draw fight here last night.

BRIDE GETS \$100,000

ILLINOIS SENATOR'S DAUGHTER RECIPIENT OF LARGE GIFT.

Miss Mary E. Stewart of Aurora, Ill., Weds A. E. Richards—Reported Engaged to "Boy Broker."

Chicago, July 30.—Miss Mary Esther Stewart, daughter of State Senator and Mrs. Thomas B. Stewart and granddaughter of John Stewart, millionaire timber magnate whose holdings are said to rival those of Frederick Weyerhaeuser, the timber king, was married at Aurora last night at the home of her parents in Garfield avenue, to Arch Eldredge Richards of Geneva, former intercollegiate champion sprinter and captain of the University of Wisconsin track team.

He is the son of R. C. Richards of Geneva, general claim agent of the Chicago & Northwestern railway.

Miss Stewart's grandfather drew a check, said on good authority to be for \$100,000, as a wedding present for the young people.

The value of other presents received is conservatively placed at \$35,000.

Miss Stewart's father is president of the bank, one of the four oldest national banks in the United States.

The bride was given away by her father beneath a floral canopy, where the ceremony was read by Rev. Frederick Fleming of La Salle, Ill., a friend of the bridegroom, the double ring service of the Episcopal church being used.

Among the guests were many from

Chicago, Geneva and St. Charles. Mr. and Mrs. Richards left last night on their wedding trip without disclosing its destination. They will live at Geneva.

Two years ago Miss Stewart was reported engaged to Robert E. Davis, "boy broker" of Boston. Miss Stewart's family admitted that she knew Davis and that he had visited them at their home in Aurora, but denied that any engagement ever existed. Davis was sentenced to five years in the penitentiary for operating questionable business deals.

Miss Stewart met him while she was a student at Wellesley college. Davis at the time was married, but this was unknown to his friends in Boston. After his business collapse he fled to South America. It was not until after he was brought back and sentenced that it became known that he was a married man.

Quilt Protector.

Procure the best quality white or cream cheesecloth, about two and one-quarter yards. On one side put a three-inch hem, stitching it neatly. In the center of this, just above the hem, embroider a monogram or one large initial. This is to be folded over the top of quilt or comfort and sewed on to protect it, as this is where they always show soil first, says Harper's Bazar. The hem on the under side may be small and hem-stitched or plain hemmed. The ends should be hemmed. Lawn may be used instead of cheesecloth.

ALMOST EVERYTHING IN THIS

"Chop Suey" a Wonderful Mixture,
Though If Properly Made It Is
Palatable Dish.

The equivalent for "chop suey" in English is stew or hash—a mixture of various things. Hence there are as many kinds of this dish as cooks, almost. The superior sort is made of chicken, with mushrooms, bamboo shoots, etc., the average, with sliced pork and celery, or celery. If the onion flavor is not liked, and the other ingredients indicated above. The Chinese way of cooking rice is to put a cupful or more of the washed grains into a dish that may be covered closely. Then an inch or two of cold water is poured in, the dish covered and put over the flames to boil. When the liquid bubbles up and oozes over the side of the dish it is quickly removed from the fire and set on the back of the stove to steam in its own heat. The Chinaman knows instinctively how much water is required to produce this first bubbling over. It must not be enough to cause the rice to turn over soggy. If rightly done—and the method is much simpler than it sounds, the cooking, steaming and drying of the rice are performed in one operation. The Chinese import almost everything that goes into chop suey, possibly even the chicken and pork in these cold storage days. At any rate, their dried mushrooms come in huge tin cans, also their wet potatoes, bamboo shoots and all that. The "sauce," or brown mixture in the shaker, is their salt in liquid form.

HOUSEHOLD QUESTIONS

To smooth an iron, plunge it while hot into cold water with a little soap in it.

Use very little bluing in washing lazes, for the lace absorbs a great deal of blue.

Use boiling water when it first boils or the gases escape and the water becomes flat.

Never try to clean yokes, collars or cuffs while sewed on the gown. Such things should always be made detachable.

When hanging pictures be sure to keep them on an agreeable level with the eye. Pictures are meant to be looked at.

Tanned shoes should always have a professional polish put on before wearing, then scratches will affect only the surface.

Using Salted Pickles.

After taking your salted cucumbers from the brine in which they have been kept, soak them well in clean cold water for two or three days, changing the water several times during the interval. If they have become soft in the brine it will make them more firm and brittle to soak them from the second day in alum water, using an ounce to a gallon of water. It is commonly used hot at first. Leave them till they become firm, then take out, rinse well, and put into good strong vinegar. Have it spiced and sweetened as desired, using Chili peppers, peppercorns, bay leaves, mustard seed, and any spice or aromatic ingredients preferred. They should stand for a few days or a week before using, to give time for the vinegar to be absorbed.

NOTICE.

Inviting proposals for furnishing motor fire apparatus including fire truck, motor combination chemical engine and hose wagon and all other necessary equipment.

Notice is hereby given that the City of Dixon will receive proposals for the furnishing of motor fire apparatus including fire truck, motor combination chemical engine and hose wagon and all other necessary equipment at the office of the Mayor of said City of Dixon in the City Hall in the City of Dixon, County of Lee and State of Illinois, up to Wednesday, the 3rd day of September, A. D. 1913, at the hour of two o'clock p. m., at which time and place the Mayor of said City will open said proposals and publicly declare the same.

All bids shall be sealed, and opened by the Mayor in the presence of a majority of the Council and shall remain on file in the Mayor's Office and be open to public inspection for at least forty-eight hours before an award of said contract is made to any competitive bidder.

The Council shall determine the most advantageous bid for the City and shall enter into a contract with the responsible party submitting the most secure bid.

The bidders in their proposals shall submit complete specifications of their fire apparatus and equipment bid on, and the price therefor for a b. Dixon, Illinois. All such proposals shall be made on the best and latest standard type of the kind or make of fire apparatus and equipment proposed by such bidder.

Such guarantee or guarantees as may be determined upon by the Council of said City of Dixon shall be embodied in the contract of purchase when entered into between the City of Dixon and the seller. The Council of the City of Dixon reserves the right at all times to reject any and all proposals submitted. All proposals submitted shall be properly endorsed "Proposals for Fire Truck" and addressed to Martin J. Gannon, Commissioner of Public Health and Safety, Dixon, Illinois.

Slow Cooking Best.

In these days of quick living, it is well to remember that, in cooking, only a slow and even tedious process can bring about the best results, for gradually cooked food is at once more palatable and digestible than the rapidly cooked kind.

It cannot be too often impressed upon a cook that slow methods soften the connective tissue of meats, develop their flavors, and render their consistency more agreeable.

Milk that is baked for long hours in a slow oven is of a high nutritive value, and all milk puddings, more especially barley pudding, that are to be served at luncheon should be prepared for cooking directly after the breakfast cookery pans have been cleared away.

Smith College Caramels.

Melt three tablespoonfuls of butter and add three-fourths cupful of thin cream, one cupful of sugar, and one cupful of molasses. Bring to the boiling-point and add four squares of unsweetened chocolate, letting it melt gradually. Continue the boiling, stirring occasionally, until a firm ball is formed in cold water. Add one-half teaspoonful of vanilla and turn into a slightly buttered pan, having the mixture three-fourths inch in depth. Wrap in squares of paraffin paper.—Woman's Home Companion.

FINAL SPECIAL ASSESSMENT NOTICE.

PUBLIC NOTICE is hereby given that the Board of Local Improvements and Council of the City of Dixon, in the County of Lee and State of Illinois, caused to be filed in the County Court of Said County, on the 25th day of July, A. D. 1913, and will be publicly opened by the Mayor of said City of Dixon (who is President of said Board of Local Improvements) at a joint meeting of said Council and Board of Local Improvements to be held in the Council Chambers in the City Hall in said City of Dixon at two o'clock in the afternoon on said day. Said bids will be opened by the Mayor in the presence of a majority of the Council and shall remain on file in the Mayor's Office and be open to public inspection for at least forty-eight hours before an award of said contract is made to any competitive bidder. After the expiration of forty-eight hours, as above stated, said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the City and publicly declare the same.

The work for which said tenders are invited is the construction of about 1444.18 cubic yards of earth excavation and backfill; about 528 lineal feet of 6" laterals (laid), about 260 lineal feet of 8" sewer pipe (laid), about 360 lineal feet of 10" sewer pipe (laid), about 815 lineal feet of 12" sewer pipe (laid), about 180 lineal feet of 16" storm-water pipe and traps (laid); Three (3) manholes, 4 feet inside with iron covers and iron steps inside, complete, One (1) manhole 3 feet inside with iron cover and iron steps inside, complete, and Six (6) cement headers at inlets as provided for in Local Improvement Ordinance No. 143, Series of 1913 of the City of Dixon, Illinois.

Each bid for this work must be accompanied by a certified check or cash for an amount not less than ten percent of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been canvassed and the contract has been awarded and signed. The return of said checks or cash to the successful bidder being conditioned upon his appearance within fifteen (15) days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of \$1000 will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and Council of the City of Dixon. All proposals must be made on blanks which will be furnished bidders at said City Clerk's Office.

The payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed, and the work accepted by the Board of Local Improvements and Council of the City of Dixon, bonds to draw interest at five per cent. No bid will be considered unless the party making it shall furnish evidence satisfactory to said Board of Local Improvements and Council of the City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

Specifications are on file in the Mayor's Office and may be seen at either the office of the Mayor or City Clerk of the City of Dixon.

The Council and Board of Local Improvements reserves the right to reject any and all bids.

The return of said checks or cash to the successful bidder being conditioned upon his appearance within fifteen (15) days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of \$2000 will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and Council of the City of Dixon. All proposals must be made on blanks which will be furnished bidders at said City Clerk's Office.

The payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed, and the work accepted by the Board of Local Improvements and Council of the City of Dixon, bonds to draw interest at five per cent. No bid will be considered unless the party making it shall furnish evidence satisfactory to said Board of Local Improvements and Council of the City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

Specifications are on file in the Mayor's Office and may be seen at either the office of the Mayor or City Clerk of the City of Dixon from and after this date.

The Board of Local Improvements and Council reserve the right to reject any and all bids.

Dated at Dixon, Illinois, July 30th, A. D. 1913.

Signed, THE COUNCIL AND BOARD OF LOCAL IMPROVEMENTS OF THE CITY OF DIXON.

RECIPES THAT HAVE STOOD THE TEST OF TIME.

"Mother's" Sand Tarts Deservedly Enlarged—German Puffs as They Should Be Made—Extra Savory Coconut Jumbles.

Mothers are like babies, they are the proper gender of "it" in the eyes of their families. However, the opinion that mother is an excellent cook has been shared by all who have been guests at our board. Housework has never ceased to be a novelty to her, and it has always seemed to be her desire to tickle the palates and hearts of her children. And she has succeeded admirably.

The other day when we were looking over some of the old recipe books, the reminiscent mist that covered her eyes was followed by a happy gleam at the thought of the pleasure each savory formula has given.

It has always seemed that mother's concoctions are a little different from the ordinary housewife's. I know that they are, for the dear old soul is "deliciously" original, knowing the proper ingredient to add in order to make the mixture doubly good. Her sand tarts are one of the most precious tidbits.

This is the recipe: One pound of flour, one pound of sugar, one pound of butter, one or two eggs to make the mixture a dough, a dash of cinnamon; strew blanched almonds on top of the cakes.

This is an especially old way of making German puffs. Mother could hardly refresh her memory from the faded pages, but of course she almost knows it by heart, for at each Yuletide she makes the "goodies" over and over again. This is it: One pint of milk, four eggs, four tablespoonfuls full of flour, two tablespoonfuls full of butter. Bake in cups. When baked sift sugar over tops.

Grandmother gave this coconut jumble recipe to our family: One cup of butter, two cups of sugar, three cups of flour, two eggs, one coconut; cream the butter and sugar, and then add eggs until light; add coconut; then flour. Roll on board lightly with hand and shape into rings. Keep about a half of cup of flour for rolling.

Here is a cinnamon cake combination that is rich and delicious: One-half pound of butter, one pound of brown sugar, two eggs, one ounce of cinnamon, flour to make a stiff dough, roll thin.

These directions for the making of spice cakes were given before "the cost of living" was known: Three pounds of brown sugar, two and a half pounds of butter, nine eggs, two teaspoonfuls of cinnamon, one nutmeg, three teaspoonfuls of pearl ash dissolved in pint of warm milk, 50 tablespoonfuls of flour, put butter in last; bake next day.

This is an irresistible way of making little cakes: Beat a half-pound of butter with the hand, one pound of flour, one-half pound of sugar, one glass of brandy, cinnamon, bake in cups.—Chicago Inter Ocean.

Hungarian Goulash. Two pounds lean beef cut from the lower part of the round or other cheap lean meat, wipe and cut in one inch cubes. Add the meat cubes to four cupfuls of rapidly boiling water, to which has been added three slices of onion. Let boil five minutes, cover and let simmer until the meat is tender. Pare potatoes and cut in three-quarter inch cubes. There should be one and one-half cupfuls. Cover with boiling salted water and let boil five minutes. Drain and add to the meat fifteen minutes before serving time to finish the cooking. Peel twenty-four tiny onions and cook in boiling salted water to cream. Drain and add to the goulash. Cream three tablespoonfuls of butter, add three tablespoonfuls of flour and work together until smooth, then add by spoonfuls to the stock in the stewpan, of which there should be two cupfuls, stirring constantly. Season with salt and pepper and turn onto hot platter.

Orange Shortcake. Sift two cupfuls of flour into a basin, add three teaspoonfuls of baking powder and one-half teaspoonful of salt. Rub three tablespoonfuls of butter and three tablespoonfuls of lard into the flour. Add one cupful of milk, and when thoroughly mixed divide in halves; put half into a round, buttered cake tin. Bake 12 minutes in a hot oven. Separate the upper portions

Pepper Nuts. Take four cupfuls of fine sugar, eight eggs, stirring them for nearly one-half hour. Beat whites by themselves; rind of two lemons, two teaspoonfuls of baking powder, four enough to roll, two teaspoonfuls of cinnamon, one teaspoonful of ground cloves, one teaspoon of allspice, one grated nutmeg. Cut them into any desired shape and put two drops of lemon juice on each cake. Let stand over night and in the morning turn over and bake.

Banana Layer Cake. One small cup of butter and two cups of sugar beaten together until light; then add one cupful of milk and four eggs well beaten, add three cups of flour, into which have been sifted two teaspoonfuls of baking powder. Bake in layer tins. Slice bananas with whipped cream.

MAY BE HELPFUL TO COOK Some Hints as to the Best Methods of Preparing Food for the Household.

When fish of unpronounced flavor is to be boiled it is improved by the addition of vinegar to the water. If the fish is inclined to be tasteless half a pint of vinegar to an ordinary kettle of water will not be too much.

An old New England housekeeper has a cupful of rich, hot cream ready to stir into the baked beans when they come from the oven and before they go to the table.

Creamed toast in one family is prepared in this way: The bread is toasted and kept hot in a covered dish. Then a white sauce is made in the usual preparation of a cupful of rich milk or cream to a tablespoonful each of butter and flour, with salt to season. At the last, when the sauce is thick, two tablespoonfuls of grated cheese are stirred in, a teaspoonful of Worcestershire sauce and a dash of paprika. It is poured over the toast.

To prepare a rice omelet as one cook does it, make a white sauce with a cupful of milk and two level tablespoonfuls each of cornstarch and butter. Stir in three well-beaten yolks and a cupful of hot boiled rice. Fold in the stiffly-beaten whites of three eggs, season with paprika and a trace of nutmeg, and cook in the regular omelet pan. Serve with red currant jelly.

RIGHT WAY TO PULL CANDY Confection May Easily Be Made Tough If It Is Wrongly Handled—The Flavoring.

Here is a recipe that pulls well when rightly done. Molasses Candy.—One cup of molasses, three cups of sugar, one cup of water, one cup of vinegar. When boiled up, one-half cup of melted butter. When done take off the stove and put one-half even teaspoon of soda in and stir briskly, turn at once in greased pan, watch the edges and turn into the center as it cools. When ready to handle altogether, proceed as above. Test in the usual way when done. Drop a little in cold water, and when brittle it is done.

FIND NOTE FROM LOST SHIP

Bottle Containing Message From Rouse Simmons Is Found.

Milwaukee, Wis., July 30.—A bottle containing a message purporting to have been written on the schooner, Rouse Simmons, "The Christmas Ship," was found near here. The Rouse Simmons was sunk last winter while coming to Chicago with a load of Christmas trees. The message is signed "Charley Nelson." It says that the ship is "ready to go down" and that "all hands are lashed to one line." The ship must have sunk in the dead of night, for the message was dated 10:30 p. m., November 23.

Head of Chicago Schools to Remain. Chicago, July 30.—Mrs. Ella Flagg Young will continue to serve as superintendent of Chicago's public schools. She will, in the future, be given such freedom of policy as she never has enjoyed in the past. The board of education will not accept Mrs. Young's resignation.

Sister Is Killed as Burglar. Elberton, Ga., July 30.—Believing he was firing upon a burglar, Mack Guest emptied a revolver at his seventeen-year-old sister here. Mortally wounded, the girl staggered toward him, exclaiming that a bolt of lightning had struck her. She died before medical aid could be summoned.

Child Gored to Death by Bull. Rockford, Ill., July 30.—Glen Wiedman, aged five years, died of injuries received when he was gored by a bull on his parents' farm in Carroll county.
